Police seek motive in Pearlington death

Woman murdered who saw husband's 1973 killing

PHOTOGRAPHING EVIDENCE—Hancock County Deputy Sheriff Joe Pica photographs a possible blood stained fingerprint on a door in the sheriff investigator's office on Wednesday morning. The door was removed from the Pearlington residence of Mrs. Eldora Summers who police say was murdered Tuesday afternoon.

Mrs. Summers had witnessed the murder of her husband in an attempted robbery on August 31, 1973 of their Pearlington grocery. (Staff photo by Ellis Cuevas).

By ELLIS CUEVAS

A host of law enforcement officers led by Hancock County Sheriff Ronald Peterson are investigating the Tuesday afternoon stabbing death of Pearlington resident Mrs. Eldora Summers.

The shock of the murder could be felt all over the Hancock County community along Pearl River bordering Louisiana.

Mrs. Summers and her late husband Thomas Forrest Summers, who was gunned down on August 31, 1973 in a robbery attempt, operated Summers Grocery in Pearlington for many years.

Mrs. Summers, a store clerk and a female customer had witnessed her husband's murder.

Peterson said, "The sheriff's office received a telephone call a little after 3 p.m. Tuesday reporting the incident."

"Mrs. Summers body was found by a step-grandchild and friends in a doorway between her kitchen and den. She reportedly had taken the youngsters to the park earlier in the day and returned home to take a rest," Peterson stated.

"Our investigation has revealed she had spoken to a friend on the telephone at 2:30 p.m. approximately 40 minutes before her body was discovered," Peterson continued.

Roy Baxter, a Pearlington businessman and a longtime friend of the victim, described her as a community leader and pillar of her church.

"Mrs. Summers was always doing things for the children of the community, and I would say spent 90 percent of her time helping others, both young and old," Baxter added.

Ronnie Cuevas, a Pearlington store owner, said, "Mrs. Summers had just completed a back yard Bible school week at her residence. The Bible school was for both white and black youngsters, anyone who wanted to come."

"Mrs. Summers also helped with school projects, anything worthwhile in the community, she was involved in it," Cuevas allowed.

Sheriff Peterson had every available man on his force in the community questioning people, and seeking any possible evidence.

Wednesday afternoon Criminal Investigator Alvin Ladner stated, "I

feel we have some fingerprints we can possibly use to identify the culprit."

One knife was found near the victim's body, and another with possible blood stains was found Wednesday morning behind her residence, Ladner reported.

A third knife was found in the woods and it is not known if it was used in the murder, Ladner said.

Evidence gathered from the home was sent by the sheriff's office to the State Crime Lab in Jackson Wednesday.

"An autopsy was performed by Dr. Rutherford (Dr. J. D. Rutherford III, Bay St. Louis pathologist) and we feel death was caused by multiple stab wounds to the back," Peterson stated late Wednesday.

"We are still trying to establish some type of motive in the murder, and are seeking any information

possible—we do not know if someone may have been hiding in her house when she arrived, if she surprised someone trying to burglarize her residence, or if someone entered her home while she was resting," Peterson continued.

"Based on Dr. Rutherford's report, we now believe the knife found by her body was the weapon used," the sheriff stated.

Mrs. Summers, 69, was a member of the First Southern Baptist Church, Pearlington.

Among those investigating the murder were Peterson, Ladner, Hancock County Sheriff's Criminal Investigators Delbert Seay and Glen Strong, Hancock County Deputy Sheriffs Joe Pica, Willie Lee, Tommy Powell, and Ronnie Cuevas.

Also at the scene Tuesday was Hancock County Medical Examiner Harold Stiglet.

Bay council, planning commission to meet

By BRENDA HEATHCOCK

Tab, 19 action on recommendations by the Planning and Zoning Commission, the Bay St. Louis City Council is planning a joint meeting to discuss the issues.

The matter came before the city council Tuesday when minutes from the planning commission's last meeting were presented for approval.

Several council members questioned the recommendations including approval of a mini-subdivision on Easterbrook Street, the addition of two residential districts and establishment of a hospital-clinic district.

The establishment of the mini-subdivision requested by Chari McIntyre Rapp of Waveland is to allow a parcel of land to be divided into lots to be used for Farmers Home Administration houses.

The council approved a recommendation to approve the action with stipulations that a deed be issued to the city and an easement be granted to allow the street to be

widened and the existing ditch be moved back in a special meeting last week.

Mayor Victor Frankiewicz Jr. recommended the board approve the planning commission's action if the conditions are met.

Councilman James Thrifflay told Frankiewicz he wanted to take the responsibility off of the mayor's office.

Council President Lisa Coward added that McIntyre had previously indicated there was an urgent need for the zoning to be changed and that as soon as the conditions were met, the council could call a special meeting to settle the issue.

No date for the joint meeting had been set at presstime.

St. Rose lease should not delay building program

By DENA BISNETTE

The Bay St. Louis Municipal Separate School District plans to obtain an extra year's option on a lease of St. Rose de Lima Catholic School as a fifth grade center, but district officials say the additional year will not delay a building program.

About 24 parents of fifth grade students as well as other interested citizens attended a public meeting Monday to discuss the center.

They were told by School Board President Betty Diboll that use of St. Rose "is only a temporary measure" and will not delay a building program.

The school board held a special meeting last night and was expected to finalize a lease on St. Rose school at that time.

The board had originally discussed an informal agreement to lease the facility for \$23,000 for 10 months, with janitorial services supplied by

St. Rose and consumable goods to be supplied by the school district.

Finalizing the lease was delayed after Board Attorney Lucien Gex found that the district was bound by statute to advertise for bids for leasing school facilities.

Superintendent of Education Roger Oge said Monday that St. Rose was the only bidder.

He added that the option for the second year has been added to provide time for completion of construction proposed in a district building program.

Several parents had questioned whether the arrangements for fifth

grade classes at St. Rose would actually be temporary and whether they would delay implementation of a long-range building program.

"We need to be addressing problems we have out there and we haven't been," said Diboll.

"The state has mandated a lot of new things yet they have cut (funding for) for school districts here in Mississippi as also has been done in Louisiana and other states."

She said a building program would help solve some of those problems and might be possible without a bond issue if the program is initiated this

Dispute with Central Avenue project engineer settled

By BRENDA HEATHCOCK

The Bay St. Louis City Council met Tuesday night with engineer Buddy S. Broadway to settle a dispute over payment for work on Central Avenue.

The council had requested the meeting to discuss Broadway's request for \$2,300 for construction supervision on an extension of the project from Bay Oaks Drive to the city limits.

The city's original contract with Broadway Engineers was based on plans which included the work on Central Avenue, beginning at Washington Street and ending just past Bay Oaks Drive, approximately 200 feet short of the city limits.

Following this discovery earlier this year Broadway prepared the necessary plans to extend the repair work to the city limits.

In a recent letter to the city Broadway said he had completed the additional plans at no cost to the city and requested the \$2,300 be paid for construction supervision.

With paving underway this week, the work on both the original contract and the extension is nearly complete, Broadway said Tuesday.

Responding to a question by Councilman John Wilkerson on how the project had happened to end just past Bay Oaks, Broadway told the council he had been shown by the past administration where to end the repair work although the council's minutes indicated the work should extend to the city limits.

Following the discussion the council voted to pay the \$2,300 to Broadway.

Broadway told council members he believed when the project was

complete, they would be very pleased with the work.

The council also awarded a bid for restoration work at city hall to Weatherly General Contractors of Gulfport for a total of \$15,812.

There was only a single bid for the project but Mayor Victor Frankiewicz Jr. told the council more bids had been solicited.

"The bid is actually lower than our estimates of the project cost and I feel this is a good bid," he said.

The projects calls for the rebuilding of the front porch on city hall.

Frankiewicz also reported during the meeting that he should be receiving this week budget proposals from the four city departments.

A workshop meeting is also planned next week for city officials to discuss the budget.

Also at the meeting the council approved a new fence ordinance.

Frankiewicz explained the new ordinance basically clarifies the former one and has minimal regulations.

Included in the ordinance is a regulation for fence placement to

prevent fences from being constructed within 20 feet of any intersection.

Height requirements are also regulated. In a residential district fences may not exceed six feet in height and in all other districts

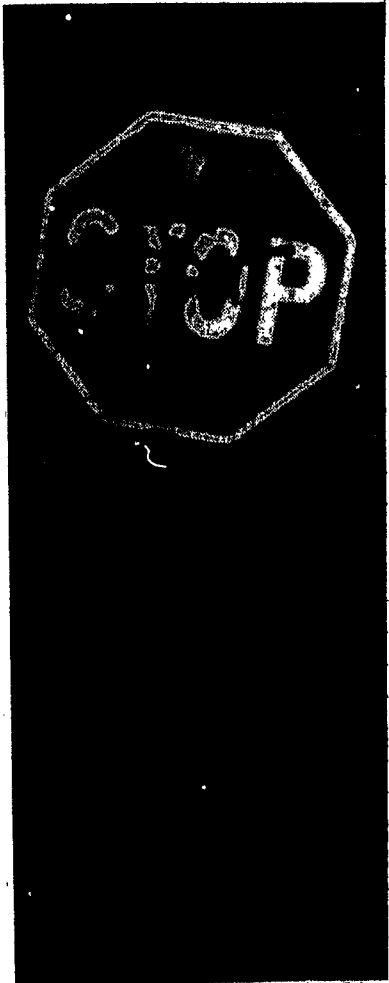

fences are limited to 10 feet in height.

The ordinance exempts backstops and similar protective barriers for recreational purposes from the height limitations.

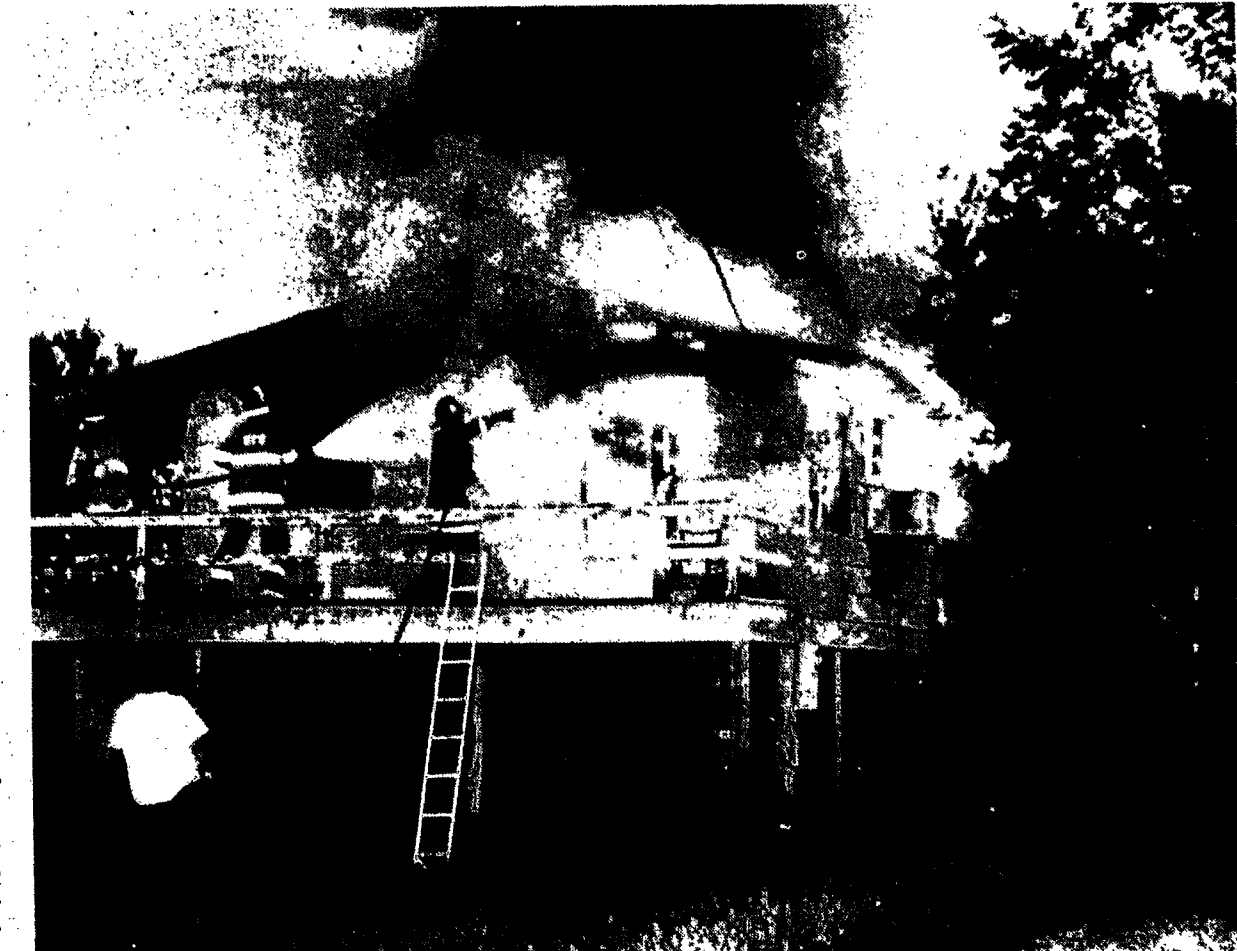

Also according to the ordinance a

building permit is required before any fence can be built.

The fee for fence permits will be the minimum building permit fee (currently set at \$5) for all fences that cost more than \$500, the ordinance states.

SIGN DEFACED—This stop sign at the intersection of St. Francis and Booker streets is one of many signs in the city that have been defaced with graffiti or damaged by other means. Anyone with information on persons responsible for the damage is asked to call the Bay St. Louis Police Department, 467-9221. (Staff photo by Brenda Heathcock)

EARLY MORNING FIRE—Firefighters battle a blaze at the residence of Richard Homa on Edith Street which was destroyed by fire early Monday morning. The fire was spotted shortly after Homa left for work. East Hancock Fire District volunteers and Bay St. Louis firefighters responded to the call. (Staff photo by Brenda Heathcock)

County school central office workers to get job description

By BRENDA HEATHCOCK
The Hancock County School Board requested job descriptions be supplied for central office workers for the September meeting.

At a recent meeting Superintendent Terrell Randolph requested approval for the temporary employment of two additional workers in the Central Office.

Although the board had previously told Randolph to find secretaries for department heads in the central office, members protested the employment recommendations because the secretaries were not specifically assigned.

Board member Tommy Shaw said he did not believe the taxpayers dollars were being wisely spent by

having so many people in the central office.

He also said he had talked with other district officials and they operated with several less employees.

"If people were doing their jobs, we wouldn't need all these people," Shaw added.

Shaw requested that Business Manager Greg Jones prepare job descriptions for all central office workers so they would know what their duties included.

Randolph disagreed with Shaw that there were too many employees and said there hours had to be extended so the work could be completed.

Also at the meeting the board

awarded bids for the supplies, services and equipment for the coming school year.

Included among the bids awarded were fire extinguishers, automobile oil, lumber for the bleachers and covered walkways, office machine maintenance, bulletin boards, slide projectors, teachers desks and chairs, paint, janitorial supplies, printing, welding and computer supplies.

County school central office workers to get job description

By BRENDA HEATHCOCK

The Hancock County School Board requested job descriptions be supplied for central office workers for the September meeting.

At a recent meeting Superintendent Terrell Randolph requested approval for the temporary employment of two additional workers in the Central Office.

Although the board had previously told Randolph to find secretaries for department heads in the central office, members protested the employment recommendations because the secretaries were not specifically assigned.

Board member Tommy Shaw said he did not believe the taxpayers dollars were being wisely spent by

having so many people in the central office.

He also said he had talked with other district officials and they operated with several less employees.

"If people were doing their jobs, we wouldn't need all these people," Shaw added.

Shaw requested that Business Manager Greg Jones prepare job descriptions for all central office workers so they would know what their duties included.

Randolph disagreed with Shaw that there were too many employees and said there hours had to be extended so the work could be completed.

Also at the meeting the board

awarded bids for the supplies, services and equipment for the coming school year.

Included among the bids awarded were fire extinguishers, automobile oil, lumber for the bleachers and covered walkways, office machine maintenance, bulletin boards, slide projectors, teachers' desks and chairs, paint, janitorial supplies, printing, welding and computer supplies.

The Hancock County Chamber of Commerce and Bay St. Louis Rotary Club are co-sponsoring a reception for Dr. and Mrs. Roger Oge' on Sunday. The reception will be from 2 to 5 p.m. at Christ Episcopal Church's Virginia Hall, 912 South Beach Boulevard, Bay St. Louis.

Dr. Oge' is the new superintendent of the Bay St. Louis Municipal Separate School District and this will be a good time for parents and friends of the school system to meet him and his family.

It is hoped there will be a large turnout for the very special occasion.

Several schools are now open with others opening within a few days.

This means speed zones will be enforced in school areas, so we as motorists should observe them.

State laws also forbid the passing of school buses while loading or unloading students on highways and roadways.

As some students walk or ride bicycles to school, a few at times may forget to look properly when crossing intersections, so we as motorists should keep on the alert.

Many students ride buses to school and wait in groups at intersections. This at times causes problems as some of the students have a tendency to get off the shoulders and into the road.

Parents should also warn children on their way to school to use extreme care while waiting for buses, walking or riding bicycles.

We would like to see this as an accident-free year for students.

Things will be buzzing Monday with Delinquent Realty Tax Sales being conducted at the Hancock County Courthouse, cities of Bay St. Louis and Waveland.

Some regular faces can be expected at the tax sales with some coming from many miles to bid on the properties with delinquent taxes.

In our many years working with the publication of the county's delinquent taxes, this is the first time we can remember not working with Miss Evelyn Turcotte who recently retired.

We do hope Miss Turcotte is enjoying her retirement.

The Bay-Waveland Yacht Club was very busy last week hosting the 1986 United States Junior Sailing Championships.

It was a lot of work on behalf of many of the local yacht club's members, in addition to bringing many young yachtsmen from throughout the country to our community.

The Bay-Waveland Yacht Club is a big asset to Hancock County.

M E C Mississippi Economic Council

FOCUS ON HIGHWAY FUNDING

The question of highways, which seems to have been on Mississippi's back burner for the past few years because of the urgent need for education improvement, will be a major issue in the 1987 Legislature. At issue is the method of highway funding. There is little question about the need for emphasis on highways. Mississippi must improve its highway system if it is to advance economically.

Now, how do we pay for highways? Do we continue our pay-as-you-go plan, or do we issue bonds for highway construction, speeding up the building process but paying interest on the bonds?

Committees of both the House and the Senate are debating that ques-

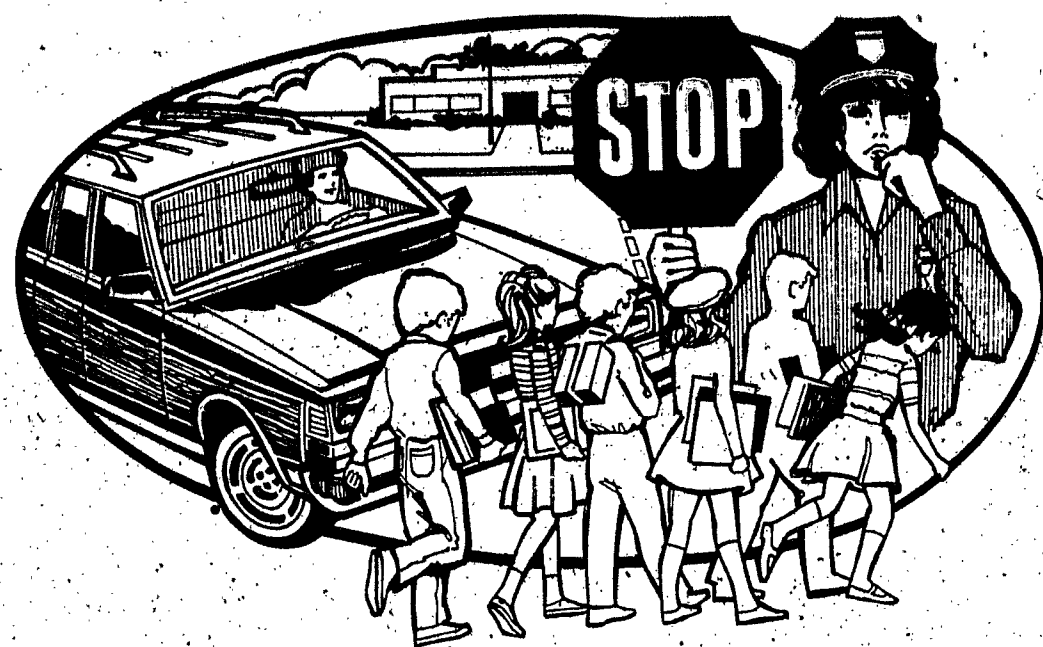

tion already, preparing now for the legislative session coming in January.

There is another question which should be addressed, regardless of the funding decision made by the Legislature.

That question relates to the use of highway funds.

The law requires that highway funds be spent on the basis of statewide needs. In some instances, however, it appears that funds are divided almost equally among the three highway districts, with little notice given to statewide needs.

Let's be sure that when funds are made available for highway construction we include the requirement that they be used to meet the most serious needs of the state.

Driver's Alert

Got to get to work on time? Running late? Just a friendly reminder that schools open and there will be yellow buses and youngsters everywhere.

A few simple guidelines to follow include: driving safely and defensively, observing all traffic signs and watching for children.

The Bay St. Louis Police Department will be strictly enforcing the new city ordinance of 25 mph and 15 mph in school zones.

Isn't a child's life worth the extra minute?

Eyes on Mississippi

By Bill Minor

JACKSON—From time to time, it's nice to look in on some of my favorite retired politicians, to see how they are doing, recall some of their contributions—and their disappointments, while on the public scene.

I know no more delightful political retiree than William J. Caraway, the former mayor of Leland, former state senator from Washington County longtime advocate for the municipalities, and an unlikely trouble-shooter during the Finch administration.

Bill Caraway is enjoying himself as a resident of Jackson's Belhaven section and taking dips in his backyard pool that he designed himself.

Nothing warms the heart of an old (I use the term advisedly) politician more than to get recognition from those who may have long ago forgotten him. That's what came to Bill Caraway awhile back.

His old hometown of Leland was having its centennial celebration and began looking for the man and woman who had done the most for the town the last century to serve as king and queen of the centennial ball.

Inescapably, they decided Bill Caraway, who had been the town's mayor for 13 years, from 1947 to 1960, was their man. For a guy who had moved away 15 years ago to make his home in Jackson, that was some sort of special recognition. I first met Bill Caraway back in the 50's when he was mayor of Leland. He almost singlehandedly turned Leland from a sleepy little Delta town into one of the most progressive municipalities in the state. During his years as mayor its population jumped from 2800 to 6000.

Caraway was a realist about prohibition which was then the state law. He knew folks in Leland were going to get their booze somewhere, probably some bootlegger out in the county if he drove them out of town.

So he made a deal with five booze handlers to let them operate in the city as long as they posted \$100 bond each month, the proceeds of which went to the city hospital fund. In those days, that went a long way toward helping to pay some bills of the 32-bed hospital Caraway was responsible for building.

A seat in the State Senate from Washington County came open in 1969, and Caraway was drafted to fill it. When he put his name on the ballot, no one came forth to oppose him. In fact, he had no opposition for three successive terms he was elected to the Senate.

Caraway went into the Senate mainly to try and get a fair shake for the people who lived in the municipalities, the forgotten stepchildren of a rural-minded Legislature in the distribution of tax dollars.

Battles that Caraway led in the 60's to dedicate a share of the sales tax, fire insurance premium taxes, and privilege taxes from package liquor stores to the cities now provide more than \$100 million a year in critical revenue for the state's municipalities.

"Not many municipal officials seem to know or care who was responsible for the legislation which now benefits their towns," Caraway says with a slight hurt in his voice.

During his first term as a senator Ross Barnett was governor. Caraway happened to be thrust into the acting chairmanship of the Senate Penitentiary Committee which had prepared a critical report on Barnett's "swinging door" policy involving Parchman. The day before the report was to be released, Barnett telephoned and tried to pressure Caraway not to make it public.

Caraway told Barnett that if he showed up at the Senate the next afternoon, he would get the first copy of the report before it was handed out, and then hung up. "I never heard another thing out of him," the former lawmaker remembers.

For 21 years, even while he was in the Senate, Caraway served as executive vice-president of the Mississippi Municipal Association. "I always had two jobs, that's the only way I could survive," he says, pointing out that his average pay over 25 years in public office amounted to only \$3,056 a year.

His only losing political race came in 1975 when he decided to take a shot at being elected State Treasurer. While he didn't with the treasurer's office, Caraway did make a significant impression upon a fellow named Cliff Finch, who was running for governor.

After Finch was elected, "to my surprise, he called me and asked me to join his staff as an assistant for economic development."

That led to two trouble-shooting stints for Caraway during the Finch administration, twice as interim director of the A & I Board, and later as State Welfare Commissioner following the Sen. Bill Burgin scandal.

"That was the most impossible job I ever had," Caraway says of his five months at the head of the \$274 million a year Welfare Department.

Caraway managed to close down 52 Title XX child care projects where he found flagrant mismanagement, including two run by Mayor Charles Evers of Fayette, and one in his birthplace of Brookhaven.

Caraway's first love has always been flying, which he first took up in 1928, soloing after only 2 hours and 25 minutes of instruction. His experience as a private pilot and navigator won him his pilot wings in the Army Air Corps during World War II and a key role in developing flying safety programs to save lives of young flight trainees.

A fantastic story teller, Caraway has a collection of 10,000 funny yarns swirling around in his mind.

"Actually there are only 20 or 25 good stories in the world, all the rest are some variation," he says.

And Bill Caraway enjoys every one of them.

From The Governor's Office

Governor Bill Allain Monday requested that Secretary of Agriculture Richard E. Lyng declare 41 Mississippi counties be declared disaster counties and be eligible for emergency programs administered by the Department of Agriculture.

In a letter to Secretary Lyng, Governor Allain cited the severe drought and very high temperatures that severely hampered farming operations and reduced basic crop yields since June. The Governor especially cited a reduction in the quality of the harvested crops of soybeans and cotton.

Counties included in the Governor's request are Alcorn, Benton, Bolivar, Calhoun, Chickasaw, Choctaw, Clay, Coahoma, DeSoto, Holmes, Humphreys, Issaquena, Itawamba, Jefferson Davis, Kemper, Lafayette, Lee, Leflore, Lowndes, Madison, Marshall, Monroe, Montgomery, Neshoba, Noxubee, Oktibbeha, Panola, Perry, Pontotoc, Prentiss, Quitman, Sharkey, Sunflower, Tallahatchie, Tate, Tippah, Union, Washington, Webster, Yalobusha and Yazoo.

IN CONGRESS

By Cong. Trent Lott

THE CASE FOR REVIEWING WORLD TRADE POLICY

The House of Representatives on August 6 sent a strong message to the Administration, to the President and to our trading partners that the trade policy in the world is going to have to be reviewed.

The House failed by only eight votes to override the President's veto of a textile import quota bill which would have sharply rolled back limits on textile imports from countries like Taiwan, South Korea and Hong Kong.

The bill also would have imposed import limits to protect domestic shoes and called for negotiations to protect the domestic copper industry.

We certainly do not want to get into a trade war, but, as a matter of fact, a trade war already is underway. The U.S. just is not involved in the fight.

Europe, Japan, Canada, South America and countries all over the world have closed their borders and restrict our exports from getting in to their countries. At the same time they are attacking our markets in all kinds of ways.

They are pirating our goods, stealing outright the concepts that we

have in American products and dumping certain of their products in to this country. They are targeting our markets and attacking them viciously.

We say we want free trade, and that should be our goal. But, in reality, there is not free trade in the world. Our trade deficit is a major problem for our economy, and it is costing us jobs.

So, I voted to override the President's veto on August 6. I do not like to split with President Reagan because I am very much on his team. But in this area—textiles and trade overall—I think we must be more aggressive in forcing our trading partners to be fair with us.

Textiles mean a lot to us in this country and in Mississippi. There are 13 textile plants in the Fifth Congressional District of Mississippi alone. Other plants have been forced to close, and we do not want that to continue.

Our current trade policy is working to our disadvantage. But hopefully, we are beginning to get the message across to our trading partners with the positive renegotiation of textile agreements announced by the Administration just within the last month.

Legislative Report

Senator Irb Benjamin of Rienzi has not given up his fight to reduce the size of the Mississippi Legislature in order to make its operation more efficient and less costly.

Benjamin said he will reintroduce in the 1987 Session the same bill which passed the Senate this year, but died in the House of Representatives. The bill trims the Senate from 52 to 42 members and the House from 122 to 84.

"When I first drafted my bill last November, one of my reasons was that shortfalls in state revenue was an indicator that the cost of state government has increased at a faster rate than the ability of the private sector to pay for it. Since that time, the fiscal situation has not gotten any better and there is no bright outlook for the near future. The Legislature had to cut back severely on state budgets for the coming year and hundreds of state employees were terminated. It is only right that we streamline the Legislature too," Benjamin said.

The Senator noted that the savings would amount to about \$1 million per year.

"Cost-savings, as much as we need that, is not the only reason we should cut down on the size of the Legislature. With the fewer number in each house, there would be even more opportunity for each legislator to get involved in committee work and debate. I firmly believe that the reduced number could do just as good a job of representing the people's wishes," he said.

Benjamin pointed out that 36 states have legislatures with fewer members than Mississippi's. "If California, as large as it is with 25.6 million people, can operate with 40 in the Senate and 80 in the House, I know that Mississippi with 2.5 million people can," he said.

The Senator added that his plan affords an opportunity to carve out a legislative district to consist of one Senator and two Representatives which could help eliminate confusion among voters about who their legislators are. He noted that his Senate district in Northeast Mississippi has four House members representing portions of it.

Benjamin's plan would go into effect with the 1995 general election. He said that this date was chosen so as to give officials time to draw the new districts following receipt of results of the 1990 census. If passed by the Legislature, the law would have to be approved by the federal Justice Department under the provisions of the Voting Rights Act.

"I am very hopeful that my bill will not only pass the Senate again, but that it will win approval in the House of Representatives in 1987," Benjamin said.

LIGHTNING DAMAGE—A black scorch mark and cracked siding on the front of Ellen Kane Gift Shop in Bay St. Louis marks the spot where lightning hit Friday. Salesclerk Stephanie Luxich, who was in the store with employee Kelly Weems and a customer when the blast hit at about 2:30 p.m., said the lightning apparently followed wiring from one corner of the building to the op-

posite end of the front wall. Outside damages also include the destruction of a cement pineapple ornament and damage to tires on a car parked in front of the building. Luxich said electricity remained on inside but one telephone and the building's alarm system were damaged. (Staff photo by Dena Bisnette)

Even the most dedicated cooks tend to develop an allergy to the kitchen stove in the dwindling, steamy "dog days" of August - but the family doesn't develop a corresponding allergy to meals, does it? Nor do the houseguests, relatives or otherwise.

You can serve them just so many quick-fix hamburgers or hot dogs, or take-out chicken or pizza suppers; then you realize that you have to spend a bit of time in the kitchen, in defense of your culinary reputation - and your budget.

Main-dish salads are a mainstay at my house these August days, as simple or as elegant as the occasion and contents of the larder merit. And pasta salads - spaghetti or macaroni or whatever - are not only good, but good and filling.

For a long time, my nearest and dearest would have no part of what they termed "leftover cold spaghetti with stuff on it" but through the years, and with a bit of persistence on my part, they "tried it and liked it."

To me, the secret of a good pasta salad is the seasoning and dressing of the pasta as soon as it is cooked and drained. Then, let it chill. In this way, the seasoning permeates the whole dish, more so than when you "dress" cold pasta.

One of my favorites is Joyce Schoenberger's marinated spaghetti, an ideal summer dish because it involves so little time at the stove, and not too much more in the kitchen itself. This is also good as a year-round dish, and can be used as an appetizer or salad. Here's:

**JOYCE SCHOENBERGER'S
MARINATED SPAGHETTI**
1 lb. spaghetti
1 oz. bottle Italian salad dressing

1 pkg. Good Seasons Italian Salad Dressing Mix (dry)
pepper, salt as desired
Plus any combination of the following:

Pepperoni Slices
Salami and Ham Slices
Cheddar cheese, grated
Bell (green) pepper slices
Green, Black Olives, sliced
Green peas
Thinly sliced yellow onions
Chopped pimiento

Break the spaghetti in half and cook according to package directions. Drain. In a large mixing bowl, combine and toss spaghetti with Wishbone dressing and dry Good Seasons. Mix until well coated. Add any combination of the other ingredients and refrigerate. Delicious! And, filling!

This is also tasty, of course, with shrimp or other seafood replacing the meat slices, or added to them. And, you're not too tired or lazy to heat up some French bread with or without garlic butter, are you - think of all that hot stove time you've saved!

Bay police seek drug store burglary suspects

BY DENA BISNETTE

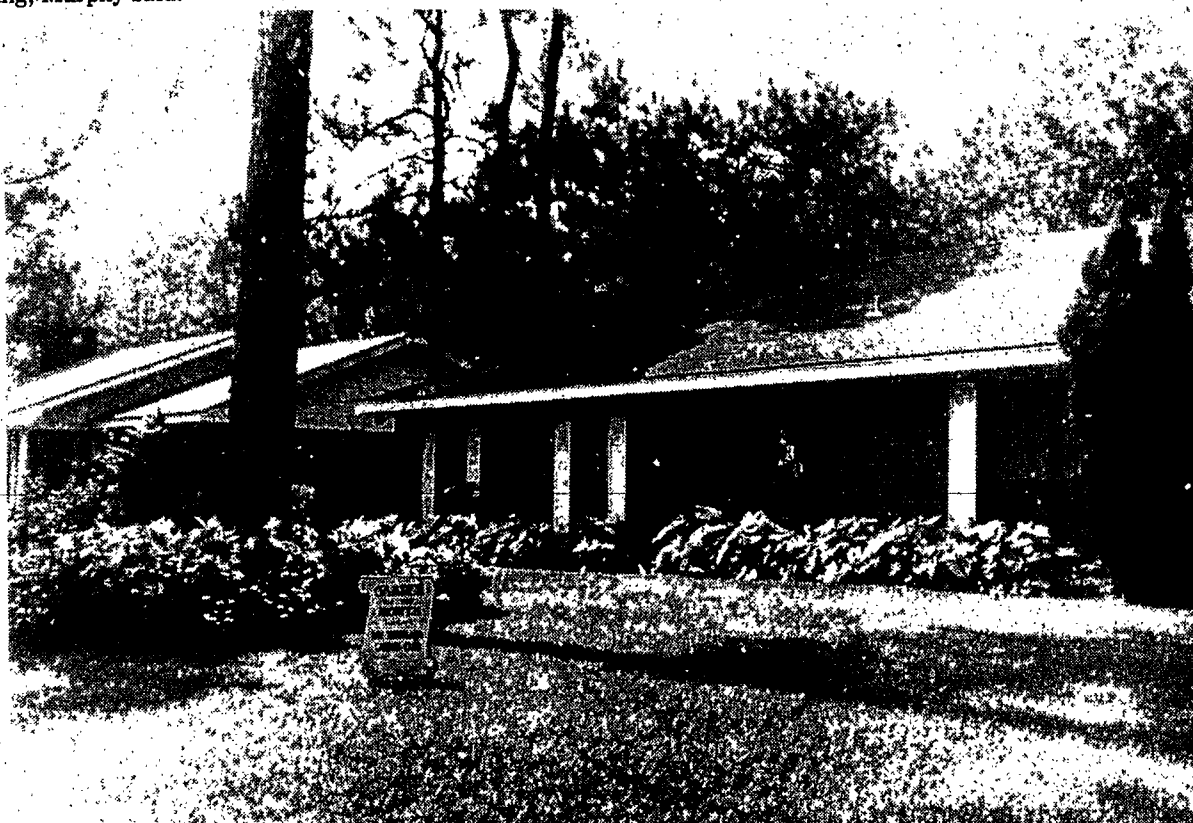

Bay St. Louis police are seeking suspects in a burglary at Fahey Drugs on Railroad Avenue. Police Chief Ray Murphy said the burglary apparently occurred on the night of Aug. 16, but was not actually discovered until employees entered the store Monday morning.

Items taken included about 800 Valium tablets of varying strengths, a quantity of dilaudid, 100 dolopine pills, eight ounces of morphine, \$40 in quarters and \$10 in dimes.

The burglar or burglars gained entrance to the store by prying some of the outside siding off and pushing their way through the inside paneling, Murphy said.

Parks and Playgrounds commission out of funds

By BRENDA HEATHCOCK

The Bay St. Louis Parks and Playgrounds Commission is out of funds and does not expect any money until late September.

Commission members directed bookkeeper Janet Carr to "stop everything" until funds are received from the city.

"As soon as possible the funds will be channelled to the commission but the timing of the disbursements depends on the collection of taxes," according to City Clerk Edward Favre.

Currently the commission has approximately \$8,000 in outstanding debts.

A large portion of this debt is money owed to the leagues in the city, commission member Neil Favre said.

"The commission refunds the leagues as much as possible for money spent on umpires, balls and insurance," he said.

The commission is planning to give the Little League \$1,500 and Babe Ruth Boys and Girls Leagues \$1,000 each.

These reimbursements range from 37 to 71 percent of the amounts requested by the leagues, Favre added.

The Little League will be receiving the smallest percentage of funds requested, with an expected disbursement of \$1,500 out of the \$3,908 requested.

Babe Ruth Boys League will receive 38 percent of the \$2,604 requested or \$1,000 and the girls league will also receive \$1,000 or 71 percent of \$1,399 requested.

The commission said the recent claims by Babe Ruth Girls League Commissioner Calvin Smith that the allocation of finances by the commission had been a major drawback to that league are not true.

"We cannot refund the leagues for money spent until we have a request at the end of the season," he said.

Favre also said that the final disbursements last year were also made in September.

In an address to the commission at an earlier meeting Smith said if the programs were not administered even handedly, he would personally

campaign for the commission members to be removed.

Favre said that the girls league was getting the biggest percentage refund and that had the commission been aware when the budget was being set of the growth of the league

from three to 12 teams more money may have been allocated.

Parks and Playgrounds Commission will meet 7 p.m. Monday, Aug. 25 at Bay St. Louis City Hall to discuss the budget for the next fiscal year.

Building program..... CONTINUED FROM PAGE 1A

year. "I want us to have a building program. I don't want it 10 months from now. I want it now."

Diboll said she plans to bring up the matter at the next board meeting.

Oge' added that information is currently being compiled on projected population increase in the district.

The board has previously discussed updating a five-year-old building program proposal.

Oge' said the district's schools are operating at capacity now except Bay Junior High School, which was built to hold about 300 students and is already overcrowded.

He said the fifth grade center would also be operating at capacity with 150 to 170 students.

The center will consist of several classrooms, cafeteria space, an office and other facilities at St. Rose school, which will be shared with Headstart classes.

The facility will also be utilized after school by the parish for catechism classes and social programs.

"The children at the fifth grade center will not be stepchildren,"

Oge' said. "We are trying to arrange for them to have as many resources as those at the other elementary schools."

He said transportation arrangements had been "basically finalized" and children from the center would probably be riding the same buses as children from North Bay Elementary.

School opening and closing times for the center will be the same as the rest of the elementary schools, which will begin at 8 a.m. with buses leaving at 2:20 p.m.

Arrangements for partial library services have also been completed.

The district is purchasing some cafeteria equipment that Oge' said would have been needed in other schools even if fifth graders had not been moved to make room for kindergarten classes.

The cafeteria will be open as soon as the equipment is available. If it is not open by the time school begins on Monday, food will temporarily be prepared at one of the other schools.

The Headstart classes also use the St. Rose kitchen, but the pre-school age participants in that program are served in their classrooms rather than in the cafeteria.

Dr. Betty Ann Jones, the district's coordinator for federally funded Chapter One reading and math programs, will become an assistant principal and will serve as the center's resident administrator.

Roger James, principal at North Bay, will serve as principal for the center.

Teachers have been selected from Waveland and North Bay in social studies, reading, math, health and physical education and science.

A new English and writing teacher for the center was expected to be hired at last night's meeting.

A music teacher will work part-time at the center and part-time at the other elementary schools.

Some of the parents requested a second meeting and the formation of a parents-teachers association for the center, but no action could be taken on their request Monday because the public meeting was not an official board meeting.

Diboll was the only board member attending as an official of the school district. Board member Linda Penrose was also present, but she said she was attending the meeting as a parent of a fifth grade student.

About speed on this year's team, Powell said, "Well, we're happy with the speed we've got. We may be a bit quicker than in years past. The boys are working well together, and I am pleased to see the older boys taking it on themselves to correct

the mistakes of the younger ones. This indicates to me we are going to have good team leadership."

"We have three major goals: first, our team and coaching staff want to be the best prepared team on the field. Second, we want to execute every item to the best of our ability. And third, we must be able to make immediate adjustments when needed," Powell noted.

Tigers building from veteran backfield

BY DENA BISNETTE

The 1986 edition of the Bay St. Louis Senior High School Tigers features a returning offensive backfield and a rookie defensive line.

Five key positions vacated by last year's seniors remained to be filled when preseason practice began last week, but Tiger Head Coach Cleveland Williams is optimistic about his mostly new team.

"We have lost a lot of players but we're going to play lots of respectable ball," the coach said.

"We have our whole backfield returning. Offensively, we feel more

secure that we can do a pretty good job. Most of our rookies are on defense."

Returning players include senior quarterback Quentin Bell, who served as the Tigers' starting field general for most of the 1985 season; junior running back Aaron Whavers; junior linebacker Brian Laneaux; senior tight end Robert Hargett; senior tackle Greg Necaise and senior guard Geja Carter.

In addition to several returning players that Williams called a "good nucleus," the Tigers will have another quarterback who has transferred to Bay High from East

Marion High School.

The coach said he has high hopes for Roderick Robertson, a six-foot-three senior who weighs 195.

Williams feels having Robertson will give the Tigers, a team which has had problems in the past with a shallow bench, more depth in the offensive backfield.

The Tigers are practicing a multiple offense for the coming season, but key plays are expected to be those utilizing speed.

"We're small and we will have to utilize quickness this year as much as possible," the coach explained.

Inexperience will also be a factor.

"I know this year we will have to spend more time preparing," Williams added. "We will have to demonstrate more and reinforce the basic techniques of football."

"These new boys don't have much playing time under their belts, but I believe in using a lot of boys out there and that's where they'll get their playing time."

Williams said he and assistant coaches G.L. McRaney and Bob Lumpkin are putting the team through some hard preparations for the Sept. 5 opener against Stone County High School.

"We can't just sit back and live off what we did last year. That's history," said Williams, referring to the Tigers' 1985 Deep South Conference Championship and District VIII 3-A Southern Division titles. Halfway through the 1986 season,

the Tigers will know if they will have new district and conference titles, since the first five games of this year's schedule are all conference and district battles.

Those games include Stone County, Pass Christian, Pearl River Central, Vancleave and East Central, the same first five in the same order as last year.

The schedule also includes an annual grudge match against Long Beach, local rivals Hancock North Central and St. Stanislaus, and St. Martin in Gulfport.

"It's a tough schedule, but any time you have to play your first five games against conference and district opponents, you know it's no big cakewalk," Williams said.

The schedule will also include at least five B-team games designed to give younger players some experience.

Bay High's B-team this year will include ninth graders from Bay Junior High. In the past, the ninth graders have usually played for the junior high team.

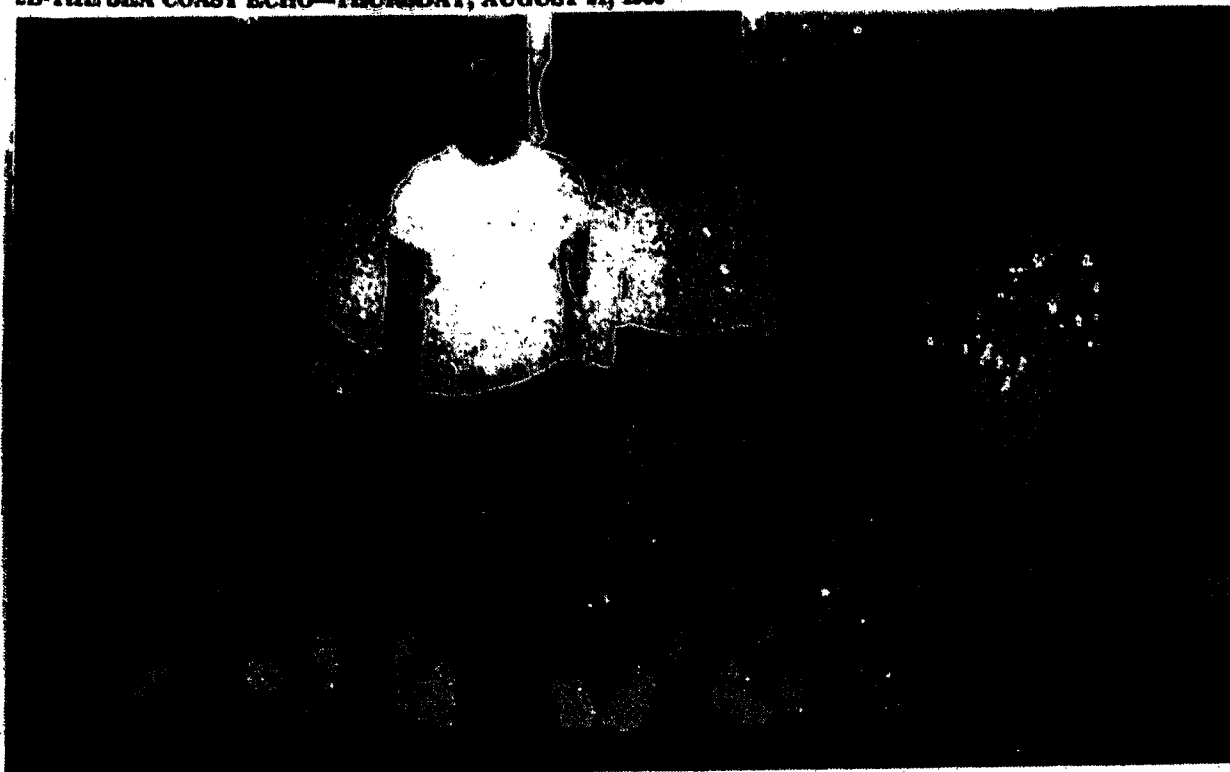

The program was changed this year to provide Bay High with more players who already have game experience in the future. Junior High Coach Gary Blaize said. In addition, several other Gulf Coast high schools have already added their ninth graders to their B-teams.

About 40 players are listed on the 1986 Tiger roster. They include: 11—Quentin Bell

Nelson keeps 35 Wildcat freshmen, 20 sophs

POPLARVILLE—Pearl River College head football coach Mike Nelson reduced his squad to the required 55-limit here Friday, as the Wildcats ended tryouts and started tuning up for their first game against Coahoma on August 30 at Clarksdale.

When fall practice began August 7th, Nelson had 104 report for physicals and gear. Of course, that meant that nearly half of the Wildcat hopefuls would not be around when the final cut was made.

"It was a good week, a tough week of two-a-days," Nelson said. "We have to spend the next two weeks molding these athletes into a team."

Nelson said his staff of Herbert Morris and Bill Martin had a really difficult task in trimming the squad to the required 55-limit imposed by the Mississippi Junior College Commission.

"We had at least 25 more players we would have loved to keep,"

Nelson said. "We had that many good, talented athletes on the team."

Five players who were certified last year did not make the cut here Friday. "We didn't have a choice," said Nelson. "We had to take the best athletes available, even if that meant keeping a freshman and cutting a sophomore with experience."

Nelson, who has always opposed the 55-squad limit, said it was very difficult to let some of the players go. "Playing ball for the River meant so much to these players. It was their world."

After the first week of hard knocking the team is in overall good shape, even though 15 players came down with a flu-like virus during mid-week.

Returning quarterback Scott Favre of Hancock North Central and running back Terry Bruton of Zachary, La. were held out of Friday's scrimmage because of the

virus. Both had been impressive all week.

Pearl River Central's Gerald Tillman took control at quarterback and ran the wishbone to perfection. Nelson has eight backs certified for play this year.

The offensive line, a weak point last year, is much quicker and stronger, especially the first unit.

Henry Fairley, Bassfield; Gerald Geathers, Georgetown, South Carolina; Lionell Ellison, New Orleans and Roy Wayne Jones of Eunice, La. have all looked great on the defensive line.

Tight-ends Tracy Boyd (6'6-245) from Crowley, La. and Chris Hoz (6'6-248) from Holy Cross in New Orleans have looked super blocking for the wishbone attack.

On special teams, Joey Tatum, a premier kicker for the Picaune Maroon Tide for the past three seasons, hit 20 of 21 field goal attempts from 30 yards out on Friday.

One of the best stories of deter-

mination to come out of last week's grueling two-a-days was that of Donnie Powell, a wide receiver from Captstrene, La., a place not far from Shreveport.

Coach Nelson told Powell on Wednesday that he didn't think there was a chance he could make the team. But, if he wanted to hang around he could until Friday when the final decision was made.

Powell did not have much of a chance making it as a wide receiver, so, because he wanted to play so badly, he asked coach to try him as a defensive back and maybe as a back-up punter. Powell so impressed the PRC coaching staff Thursday and Friday that he made the final cut.

According to Nelson, he will field 35 freshmen this fall. "We do not have much experience, but we sure do have a lot of talent," Nelson said. "Now, it is just a matter of blending this group into a team."

Engineers urge travelers to see Carter's Lake

MOBILE, Ala.—Sparkling waters and rugged, wooded shorelines provide a picturesque setting for many recreational activities at Carter's Lake, near Calhoun, Ga.

One of the most beautiful lakes in the Southeast, Carter's is located in the scenic Blue Ridge Mountains and is managed by the Mobile District of the U.S. Army Corps of Engineers.

Except for a few clearly marked areas where access is restricted for operational and safety reasons or to protect wildlife or fragile ecosystems, the entire lake and its shore are open to the public.

The Corps of Engineers has developed recreation areas near the dam and at five other sites around the lake for sightseeing, hiking, picnicking, camping, swimming,

boating, water skiing, and fishing.

A large area near the dam on the south shore has been set aside for development by a concessionaire as a marina.

In addition, the corps has provided two fishing decks and picnic facilities just below the reregulation dam.

Facilities range from campsites

equipped with water and electricity hookups, comfort stations, shower facilities and a recreational vehicle dump station to primitive camping facilities.

Fees range from \$3 to \$5 with a \$2 additional charge for campsites at Doll Mountain having electric and water hookups.

Two campsites are open during the off-season, October through March, and are free during that period.

Gate attendants are on duty at Doll Mountain and Harris Branch recreation areas through the season, mid-April through mid-September, to register campers and their visitors, and to assist campers in locating a campsite and provide the public with information about the area.

Attendants open gates at 8 a.m. and close them at 11 p.m.

The resource manager's office and visitor center with its attractive display of wildlife from the area are open year-round, Monday through Friday from 8 a.m. until 4:30 p.m. and on Saturday and Sunday from 1 to 6 p.m. during the summer season. A ranger is available at these times to answer question.

Electric trolling motor tips

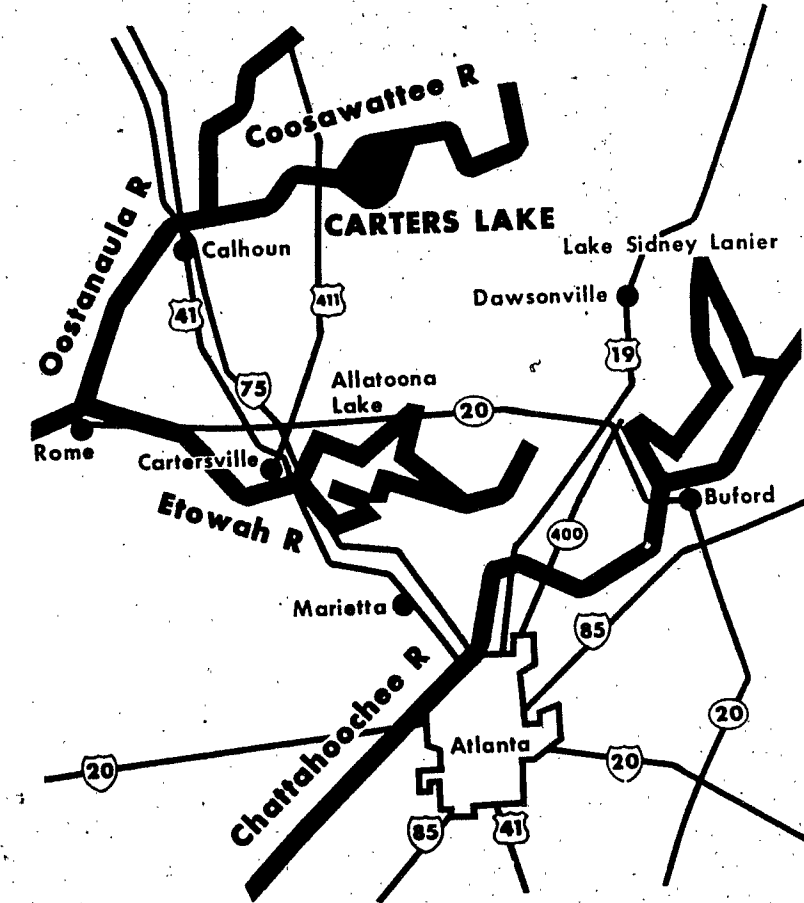

"The greatest innovation for bass fishing is the electric motor," states Randy Fite, Johnson Pro Staff member. "I wasn't around to skulk a boat or anything of that nature, but I would certainly see how that would hamper my enjoyment of the sport and also my success in the sport if I had to hold an oar in one hand and try to fish with the other!"

The convenience afforded to bass fishermen by the electric motor has made the sport much more enjoyable and made all anglers who use it much more successful at being able to catch America's favorite gamefish.

Perhaps one of the greatest innovations since the utilization of the electric motor was the production, testing and marketing of the weedless prop. "Where we used to have to fish the outer edge, which is still a good place to fish, now the prop gives us access to fishing inside the weeds also," testifies Fite.

For Ken Cook, Evinrude Pro Staff member, one of the most important elements in usage of an effective electric motor is its on/off condition.

"I've watched fish a lot in the presence of a trolling motor and you can get right up on fish usually with the trolling motor going. But, if you turn it off or on, the fish spook 99 times out of 100. It's the on/off that spooks fish, I believe. A trolling

motor at a slow steady speed is much less likely to spook bass than an on/off condition.

"One of the ways to avoid that high speed on/off condition, I think, is to use a manual-type trolling motor, one that does not have a foot pedal," Cook relates. "The professionally controlled one that I use with my foot is a manual model that allows me to turn the trolling motor on and off with a switch on the floor, like a dimmer switch."

One push turns the motor on and the second push turns the motor off.

ETV Brief

WEST SIDE STORY

"Great Performances" will present an encore of "Bernstein Conducts 'West Side Story'" at 9 p.m., Friday, August 22, on Mississippi ETV. It was first aired on ETV in May 1985.

In the documentary, Leonard Bernstein is seen at work in a recording session of his landmark musical. The recording features performances by opera stars Kiri Te Kanawa, Tatiana Troyanos and Jose Carreras and shows the creative interaction among singers, orchestra and composer.

The program was filmed in a West Side Manhattan recording studio. When "West Side Story" was first produced on Broadway 28 years ago, the cast was chosen for its youthfulness and dancing ability in order to enhance the piece's sense of realism. For his recording, however, Bernstein was less concerned with appearances than with sound.

Dante - by - the - Bay Restaurant
We at Dante by the Bay Restaurant would like to show our appreciation for your support by offering a recipe each week for your at home enjoyment. These recipes are not always from our menu - but from our staff, friends and family.
Today we offer my mother's Tomato Aspic recipe - a Mississippi Delta favorite:
MOTHER'S TOMATO ASPIC
4 cups tomato juice (Libby's is best) 2 medium onions quartered
5 ribs of celery 3 large bay leaves
Simmer the above together until onion is clear (takes about 30-45 minutes). Strain into bowl - using spoon to mash out juice. Dissolve 2 1/2 or 3 envelopes of gelatin in 1/2 cup of cold water.
Add to hot mixture:
Juice of 2 lemons Salt & pepper to taste
1/2 teaspoon worcestershire sauce Stir to dissolve gelatin
Dash of tabasco add 1 can consommé
Dash of celery salt
When set - "ice" with 1 large package of philadelphia cream cheese, creamed with cream, lemon juice, minced celery (about 2 tbs. and 2 tbs. green onion tops & 1 tbs. minced parsley.
NOTE: Cooked shrimp or crabmeat can be added to the tomato aspic before it sets.
Bon Appetit!

THURSDAY, AUGUST 21, 1986-1C

AMIGO WINNER— Gretchen Zepernick, daughter of Dr. and Mrs. Richard G. Zepernick of Diamondhead and 1986 valedictorian at Coast Episcopal High School in Pass Christian, is winner of an Amigo Scholarship at University of New Mexico-Albuquerque. She will matriculate in the Fall when she will major in biological sciences through the university's General Honors Program. Ms. Zepernick was also recognized by University of The South at Seawee, Tenn. with their Award of Excellence.

Children honored at Cheskin Galleries

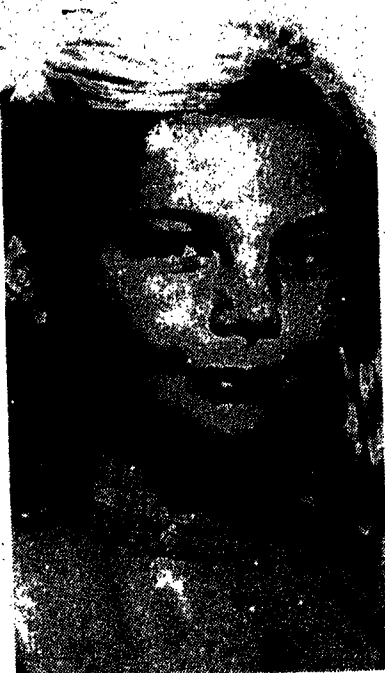

A group of students from Coast Episcopal Elementary School and Diamondhead Academy have been selected to be the first children to have their art displayed in Diamondhead's Cheskin Galleries and Gardens.

The Cheskin Galleries, recently established in Diamondhead, has a special section reserved for children's art and selects new works for display on a quarterly basis.

Children honored at the galleries included Pilar Frederick, sixth grade; Carolyn Watts, fifth grade;

Douglas Grant, fourth grade; and Marcy Redmond, fifth grade; all of Coast Episcopal; and Amy Jones, third grade; Mimi Prats, third grade; and Aspen Trauth, fourth grade.

Vivian Ragland of Diamondhead serves as curator for the Cheskin Galleries. The galleries are named for Louis Cheskin (1908-1981), a Chicago painter who headed several programs designed to preserve the arts during the Great Depression of the 1930s and worked in commercial art in the 1940s and 1950s.

Caplinger attends symposium

Roger L. Caplinger, a senior at Hancock North Central High School, recently participated in the 1986 Natural Resources Youth Symposium at Mississippi State University.

He was one of 17 top high school students from Mississippi, Tennessee and Texas joining in the five-day program designed to give participants a first-hand view of professional career opportunities in

forestry, fisheries, wildlife and wood science and technology.

Activities included field tours of research projects involving white-tailed deer, bobcats and aquaculture; briefings on timber management program; and varied classroom and laboratory exercises.

The Mississippi Forestry Association, United State Forest Service, MSU School of Forest Resources sponsored the symposium.

GED training available for Hancock residents

Eighty-nine residents of Harrison and Hancock counties have received General Educational Development (GED) diplomas the past two years as a result of a training program offered by Gulf Coast Community Action Agency of Gulfport.

Funding of \$161,000 for the Education and Employment Training Project is provided through the Community Services Block Grant (CSBG) program, administered in Mississippi by the Office of Energy and Community Services, Governor's Office of Federal-State Programs, and the Job Training Partnership Act (JTPA), the federally funded program for job training that is administered in Harrison and Hancock counties by Gulf Coast Business Services Corp.

In addition to the GED training, the project includes an introductory course in office skills.

During the first year of the project, it was funded entirely by CSBG, and participation was restricted to single mothers residing in the two counties. Gulf Coast Community Action Agency provided day care, transportation and GED training for the participants at sites in Gulfport and Waveland.

With the addition of JTPA funding this year, participation was expanded to any resident of the two counties, male or female, 17 and older, classified as economically disadvantaged. The community action agency continues to provide day care and transportation to participants who need the services.

Gulf Coast Community Action Agency Deputy Director Athalia Piermas said the services are vital to the success of the project. "Without these support services, we would not have the degree of success the project has enjoyed," she said. "Without day care and transportation, many of the participants would not be able to take advantage of any type of training. With those services, they can study with peace of mind."

The day care is provided through facilities of the National Council of Negro Women in Gulfport and the Gulfside Methodist Assembly in Waveland.

Fifty-two project graduates passed the GED exam administered by the State Department of Education last year. During the first seven months of 1986, 37 passed the exam.

The training is based on the Pace System of individually prescribed instruction designed by the University of Alabama, according to Lillie D. Bender, project coordinator for Harrison County. Under the system, she said students "set their own pace" for instruction, based on their educational level and the number of hours they are able to attend classes.

Piermas attributed the project's success to individualized instruction and the dedication of eight staff members who provide the training.

The training is available from 8:30 a.m. until 4:30 p.m., Monday-Friday. Twelve hours is the minimum time that students must

attend classes each week, but most put in 20-30 hours. The training takes from two weeks to three months, depending on the needs of the student.

The average grade level of reading, language and mathematics proficiency for students when they enroll is 5.7 years, with most showing an increase of one to 2½ years as a result of the training. Bender said a grade level of at least 7.5 is necessary to pass the two-day GED exam.

Many of the graduates who earned GED diplomas have obtained employment, although some have continued their education at Gulf Coast Junior College. Jobs obtained by graduates include sales positions with department and discount stores, clerical positions at Keesler Air Force Base and a construction job, obtained by a woman, that required a high school or GED diploma.

"We're finding that more and more jobs do require a diploma," Bender said. "Even the fast food industry wants its employees to have a diploma or be in school."

The office skills course covers typing, shorthand and clerical chores. Participants who can type at least 50 words per minute are given instruction on a word processor.

Anyone interested in the training should contact Gulf Coast Community Action Agency at 868-4250. There is no charge to qualified applicants.

Back-To-School Summer Fest slated Saturday

The third annual Back-To-School Summer Fest for Waveland youth is scheduled Saturday at Herlihy Street Park.

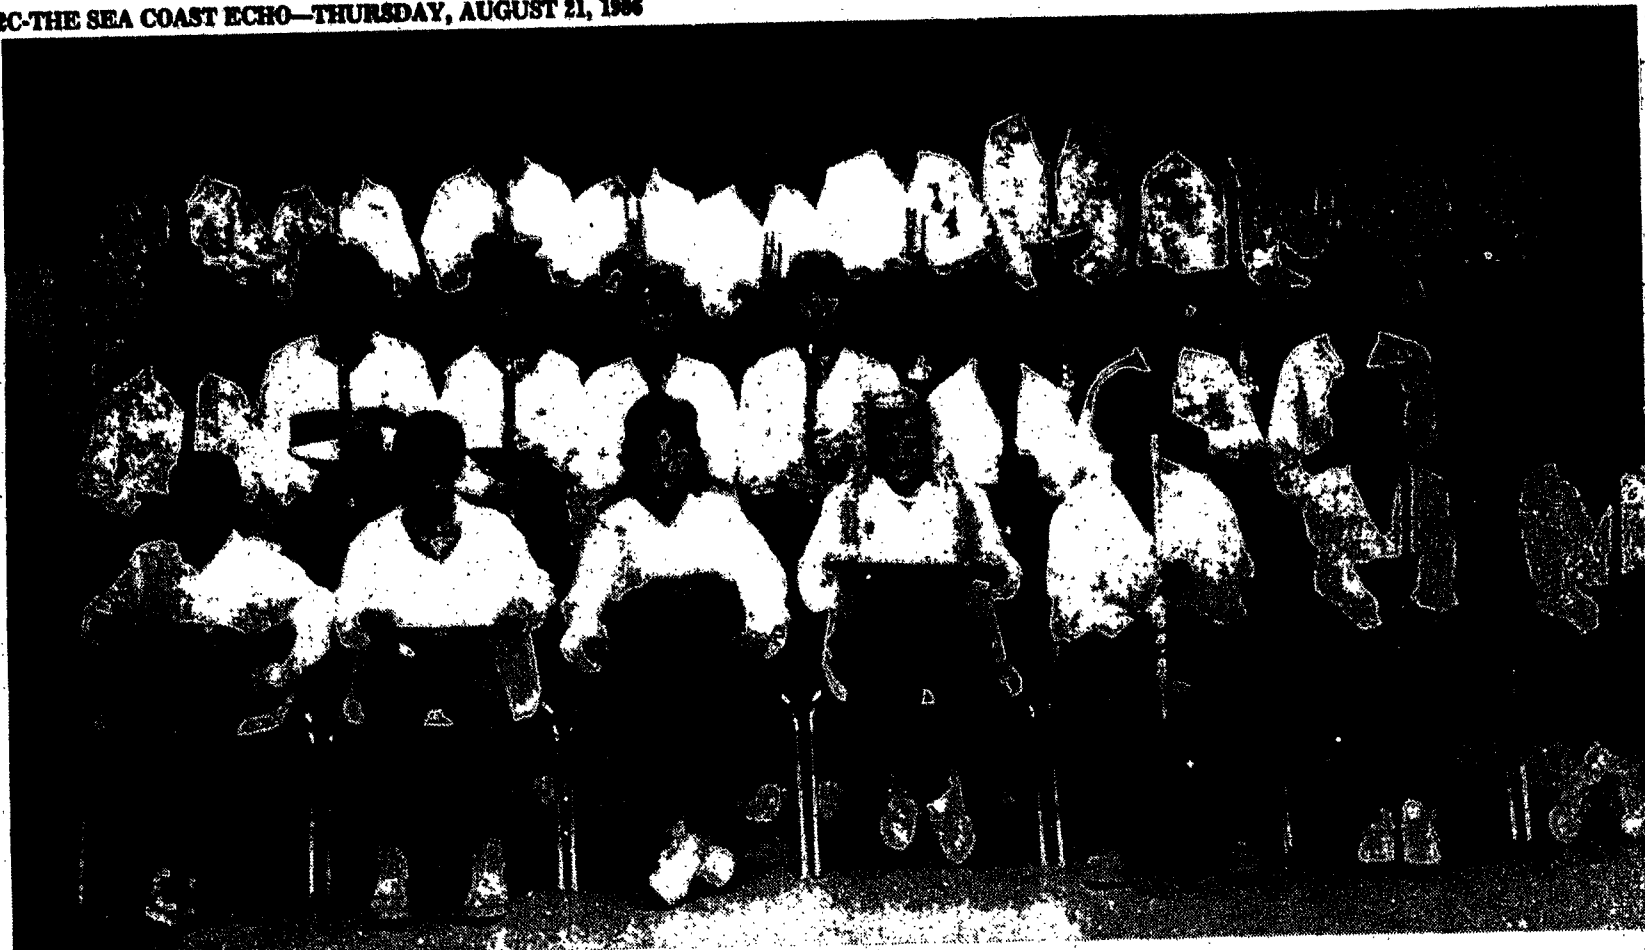

The event will open with a 9 a.m. Fun Run, to be followed by 10 a.m. ceremonies featuring Dr. Roger

Oge', Bay St. Louis superintendent of schools, and city and county officials.

Clarence Harris of Waveland, festival coordinator, said the program will continue through the day highlighted by 'fun and games for

the young people of our area.' WQFX AM & FM radio station is sponsoring appearance of the Foxy-96 Video Van with disc jockey.

The festival is open to the public, Harris said.

Scholarships available to high school seniors

RESTON, Va.— High school seniors who want to earn college scholarships and test their leadership potential can compete this school year in the Century III Leaders Program.

The program, supported by the Shell Companies Foundation, Inc., and administered by the National Association of Secondary School Principals, is entering its 13th year. Almost \$250,000 in scholarships will be awarded, including \$10,000 to the national winner.

Students are judged on their record of community and school service, a current events test, interviews and a written analysis of a challenge facing the nation in its third century.

Seniors wishing to enter the competition can obtain applications from their school principals. These will be available in mid-September.

The application must be completed by Oct. 22, 1986, along with the student's "Projection for Innovative Leadership" on an issue facing the country in its third century. Participating students will also be re-

quired to take a current events examination.

School winners advance to a state-level competition, where two winners and two runners-up are named in each state and the District of Columbia.

State winners each receive \$1,500 scholarships payable to the college of their choice, while the runners-up earn \$500 scholarships.

The state winners also get an all expense-paid trip to the national Century III Leaders conference in Williamsburg, Va., March 6-9, where additional scholarships are awarded, including the \$10,000 grand prize. Nine semi-finalists each receive \$500 awards.

While in Williamsburg, Century III Leaders will meet with national experts in business and government and develop recommendations on key issues facing the country.

"I was impressed by everything about the conference—the speakers were really moving, and intellectually it was very stimulating," said Theodore Smith of Springfield, Mo., the 1986 national winner. "I went in-

to it never imagining that I'd be making a 100 new friends for life."

All state finalists and runners-up become members of the Century III

leaders Alumni program. Alumni are eligible for grants of up to \$5,000 for post-graduate studies or service projects.

Troop takes trip

The scouts camped each night on sand beaches where they swam and cooked their meals. At night the scouts used the canoes as tents.

Any boy 11 years old or older may come any Tuesday at 7 p.m. to the K.C. Hall on Main St. and join Troop 217. For more information call 462-7540.

Gulf Park announces schedule

The regular term class schedule at the University of Southern Mississippi Gulf Coast is in a new format and ready on request from the general public. In the new format the schedule and other information about USM Gulf Coast is the Fall Guide, a complete guide to the fall term.

Included in the Guide is the complete fall schedule, general information about class times, fees and whom to contact, plus other information.

A new feature made possible by the new format is the Resources for Learning. This section outlines those areas of USM Gulf Coast that assist students in their learning. These include the Richard G. Cox Library, Learning Laboratories, and the Division of Lifelong Learning. Learning laboratories are available in computers, electronics, microcomputers, nursing, reading, plus industrial and commuter technology.

In addition to the usual library services the Cox Library at Gulf Park in Long Beach has access to the entire catalog of resources of the USM Hattiesburg Campus, as well as numerous video tapes, microcomputer services and other facilities and services.

All majors of USM-Gulf Coast, at the Bachelor's, Master's and Specialist's levels are listed in the Guide.

The USM Gulf Coast Fall Guide, is available by calling 865-4503 in Harrison County and 497-3636 in Jackson County, normal business hours.

SUMMER CAMP PARTICIPANTS—Members of Bay St. Louis Boy Scout Troop 217 who recently participated in summer camp activities at Salem Scout Reservation included, from left, Neil Brimelow, Mark Casanova, Matthew Lee, Tony Richardson, Matthew Carver and Jeremy Powers. Not shown is Ben McCollister, who at-

tended camp two weeks earlier in order to complete leadership training and advanced backwoods camping. Troop 217 was selected best troop for one week and each scout received 30 merit badges. Powers received additional honors for a one-mile swim.

Troop takes trip

Scouts from Troop 217 sponsored by Our Lady of the Gulf Church and Council 1522 Knights of Columbus in Bay St. Louis recently held their fifth annual float trip.

This year the troop traveled 30 miles on the Black Creek over a four-day weekend. The scouts started at Moody's Landing near Brooklyn and ended at Hwy. 26 near Wiggins.

The scouts camped each night on sand beaches where they swam and cooked their meals. At night the scouts used the canoes as tents.

Any boy 11 years old or older may come any Tuesday at 7 p.m. to the K.C. Hall on Main St. and join Troop 217. For more information call 452-7540

Gulf Park announces schedule

The regular term class schedule at the University of Southern Mississippi Gulf Coast is in a new format and ready on request from the general public. In the new format the schedule and other information about USM Gulf Coast is the Fall Guide, a complete guide to the fall term.

Included in the Guide is the complete fall schedule, general information about class times, fees and whom to contact, plus other information.

A new feature made possible by the new format is the Resources for Learning. This section outlines those areas of USM Gulf Coast that assist students in their learning. These include the Richard G. Cox Library, Learning Laboratories, and the Division of Lifelong Learning. Learning laboratories are available in computers, electronics, microcomputers, nursing, reading, plus industrial and commuter technology.

In addition to the usual library services the Cox Library at Gulf Park in Long Beach has access to the entire catalog of resources of the USM Hattiesburg Campus, as well as numerous video tapes, microcomputer services and other facilities and services.

All majors of USM Gulf Coast, at the Bachelor's, Master's and Specialist's levels are listed in the Guide.

The USM Gulf Coast Fall Guide, is available by calling 865-4503 in Harrison County and 497-3636 in Jackson County, during normal business hours.

Fall Registration for USM Gulf Coast is Wednesday, August 27 and Thursday, August 28. Complete times and places are in the Guide.

Narcotics News

Due to the article on "crack" published a couple of weeks ago, a lot of calls have been made to the bureau from the media and the public concerning this new form of cocaine. This week's column will entail facts about "crack" or "rock" cocaine.

"CRACK"

1. It has become a national epidemic.
 2. It is usually at least 75% cocaine - often purer than snuff cocaine.
 3. It is the newest, purest, most addictive drug on the market.
 4. It is smoked and absorbed rapidly through the lungs reaching the brain within seconds producing a more euphoric high.
 5. The process used to make "crack" is so simple that people can do it in their own kitchens.
 6. The high or rush from "crack" is followed by a crashing low resulting in users - even first time users - craving another hit.
 7. It is inexpensive; a single dose sells for as little as \$10.
 8. Research on animals is proving that users end up preferring cocaine to life!
 9. It is a quick-sale product; like fast food.
 10. The bureau's statistics reflect 29 cases that involved "crack" so far this year.
 11. It is the number one drug problem in major cities throughout the United States.

1973 in a robbery attempt, operated
Summers Grocery in Pearlington
for many years.
Mrs. Summers, a store clerk and a
female customer witnessed her hus-
band's murder.
Hancock County Medical In-
vestigator Harold Stiglet said an
autopsy report shows Mrs Summers
death was due to exsanguination
caused by multiple stab wounds to
the face, neck and upper back.
Peterson indicated his department
would continue the investigation, no
matter how long, until exhaust every
possible means is exhausted.
Investigators are still trying to
establish some type of motive in the
murder and are seeking any infor-
mation possible.
Her body was found Tuesday by a
step-grandchild and two friends in a
pool of blood at her Sixth Street
residence.
A knife was found near the
victim's body is believed to have
been the weapon used, according to
Sheriff Peterson.
Peterson said, "I have personally
known the Summers family a very
long time. As a matter of fact, her
son Thomas and I played together on
the football squad and graduated the
same year from Bay High School."
Among those participating in the
investigation are Peterson, Hancock
Criminal Investigators Alvin
Ladner, Delbert Seay and Glen
Strong, and Hancock County
Sheriff's Deputies Joe Pica, Tommy
Powell, Willie Lee and Ronnie
Cuevas.
Also at the scene Tuesday were
Stiglet and Jim Odom, Hancock
County deputy medical examiner.

New teachers in the Bay area and county school districts may not get a paycheck until the end of September.

New teachers employed in the district may be paid only if they have worked more than 10 days in the month, according to John Hartman of the Mississippi School Board Association.

Hartman also said a recent attorney general's opinion indicates that only days when both teachers and students are in school may be counted in this number.

This means that approximately 35 new teachers employed in the Bay St. Louis Municipal and Hancock County school districts may have to wait until September to be paid.

Hartman relayed this information from the recently passed Uniform School Law to members of the Gulf Coast School Board Association at their quarterly meeting Thursday at Hancock North Central High School.

Although much of the law does not go into effect until July 1987, the section stating new teachers cannot be paid until September unless they have worked 10 school days is ap-

plicable now, Hartman said.
Bay Assistant-Superintendent Robert Magee said Friday he believed that Bay teachers were going to be paid.

School Board Attorney Lucien Gex said he was currently reviewing the new Uniform School Law for a way to be able to pay the new teachers at the end of this month.

Hancock County School Superintendent Terrell Randolph was unavailable for comment.

Students will be served in the cafeteria at St. Rose beginning Monday through Friday.

Pearlington residents mourn the death of Eldora Summers

By BRENDA HEATHCOCK
As law enforcement officers continue to seek suspects in connection with the brutal killing of Mrs. Eldora Summers, a community mourns.

Mrs. Summers, described as the "best woman in town," was stabbed to death Tuesday, Aug. 19 in her Pearlington home.

"She was one of the last people you would think something like this would happen to," Diane Morrow said.

Mrs. Summers was known throughout the community for her kindness, generosity and willingness to do whatever she could to help

others.

It was not uncommon for Mrs. Summers to unload her kitchen cabinets for someone when she knew they needed food and frequently gave people money to buy medicine, Morrow added.

"She was a very caring person and her death has devastated the community," Andrea Coote said.

Coote, who has known Mrs. Summers all her life, calls the incident a disaster in the community.

"Her death has left the community in a state of shock," said Ronnie Cuevas, Pearlington businessman.

In addition to the shock that has

rocked the community, there is also fear.

"People are scared to be alone in their houses now," Mary Hillhouse said.

Before this happened people in this community would go to bed at night or go to town and not bother locking the doors but not now, Morrow said.

"It really makes people afraid that something so cruel would happen to someone so good," she added.

"When you live alone and something like this happens it makes you afraid it will happen to you," another Pearlington resident

said.

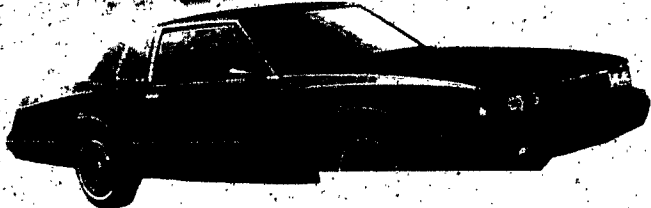

This incident has reportedly led several of Pearlington's residents who live alone to temporarily relocate with friends and relatives.

Pearlington native L. J. Dunaway said he has walked the roads of this community all his life but now he is a "little afraid."

Bill Doyle said it is horrible to know that there might be someone around here who would do it again.

Area law enforcement officials are continuing an "around the clock investigation" into Mrs. Summers death. No suspects have been arrested at this time.

New teachers in the Bay area and county school districts may not get a paycheck until the end of September.
New teachers employed in the district may be paid only if they have worked more than 10 days in the month, according to John Hartman of the Mississippi School Board Association.
Hartman also said a recent attorney general's opinion indicates that only days when both teachers and students are in school may be counted in this number.
This means that approximately 35 new teachers employed in the Bay St. Louis Municipal and Hancock County school districts may have to wait until September to be paid.
Hartman relayed this information from the recently passed Uniform School Law to members of the Gulf Coast School Board Association at their quarterly meeting Thursday at Hancock North Central High School.
Although much of the law does not go into effect until July 1987, the section stating new teachers cannot be paid until September unless they have worked 10 school days is ap-
plicable now, Hartman said.
Bay Assistant-Superintendent Robert Magee said Friday he believed that Bay teachers were going to be paid.
School Board Attorney Lucien Gex said he was currently reviewing the new Uniform School Law for a way to be able to pay the new teachers at the end of this month.
Hancock County School Superintendent Terrell Randolph was unavailable for comment.

Students will be served in the cafeteria at St. Rose beginning Monday through Friday.

Pearlington residents mourn the death of Eldora Summers

By BRENDA HEATHCOCK
As law enforcement officers continue to seek suspects in connection with the brutal killing of Mrs. Eldora Summers, a community mourns.
Mrs. Summers, described as the "best woman in town," was stabbed to death Tuesday, Aug. 19 in her Pearlinton home.
"She was one of the last people you would think something like this would happen to," Diane Morrow said.
Mrs. Summers was known throughout the community for her kindness, generosity and willingness to do whatever she could to help

others.
It was not uncommon for Mrs. Summers to unload her kitchen cabinets for someone when she knew they needed food and frequently gave people money to buy medicine, Morrow added.
"She was a very caring person and her death has devastated the community," Andrea Coote said.
Coote, who has known Mrs. Summers all her life, calls the incident a disaster in the community.
"Her death has left the community in a state of shock," said Ronnie Cuevas, Pearlinton businessman.
In addition to the shock that has rocked the community, there is also fear.
"People are scared to be alone in their houses now," Mary Hillhouse said.
Before this happened people in this community would go to bed at night or go to town and not bother locking the doors but not now, Morrow said.
"It really makes people afraid that something so cruel would happen to someone so good," she added.
"When you live alone and something like this happens it makes you afraid it will happen to you," another Pearlinton resident said.
This incident has reportedly led several of Pearlinton's residents who live alone to temporarily relocate with friends and relatives.
Pearlington native L. J. Dunaway said he has walked the roads of this community all his life but now he is a "little afraid."
Bill Doyle said it is horrible to know that there might be someone around here who would do it again.
Area law enforcement officials are continuing an "around the clock investigation" into Mrs. Summers death. No suspects have been arrested at this time.
